1 EXPLANATION

2 This bill eliminates a provision prohibiting the Iowa
3 lottery authority from allowing retailers to use monitor
4 vending machines to dispense lottery products and games. The
5 bill also eliminates the additional 65 percent excise tax on
6 monitor vending machine revenues.

7 The bill permits a retailer who is licensed to sell alcohol
8 for on-premises consumption to sell lottery products or tickets
9 by means of a monitor vending machine. The bill also provides
10 that the game title or name of a game operated on a monitor
11 vending machine shall not be the same as a game title or name
12 utilized as a gambling game under Code chapter 99F. The bill
13 grants the racing and gaming commission authority to ensure
14 that game titles for gambling games under Code chapter 99F do
15 not match game titles or names for games dispensed utilizing a
16 monitor vending machine.
